

Resolution No. 743

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLINTON, TENNESSEE APPROVING POLICIES AND PROCEDURES RELATING TO THE IMPLEMENTATION OF TAX INCREMENT FINANCING TRANSACTIONS THAT MAY BE UNDERTAKEN BY THE INDUSTRIAL DEVELOPMENT BOARD OF ANDERSON COUNTY, TENNESSEE.

WHEREAS, Anderson County, Tennessee (the "County") has duly caused the incorporation pursuant to Sections 7-53-101 et seq., Tennessee Code Annotated (the "Act") of The Industrial Development Board of Anderson County, Tennessee (the "Board"); and

WHEREAS, pursuant to the Act, the Board is authorized to issue tax increment debt to finance certain eligible costs relating to types of projects identified in the Act; and

WHEREAS, such debt would be secured solely by incremental property tax revenues generated by such projects; and

WHEREAS, prior to undertaking any tax increment financing as to any project located in the City of Clinton (the "City"), the Board has requested the City to approve policies and procedures relating to the consideration and issuance of tax increment financings; and

WHEREAS, the City desires to adopt the Policies and Procedures attached hereto as Exhibit A (the "Policies and Procedures") pursuant to 9-23-107 of the Uniformity in Tax Increment Financing Act of 2012, for the purpose of providing guidance to applicants for tax increment financing as to the City's consideration and administration of tax increment financing transactions undertaken by the Board as to projects within the City; and

WHEREAS, such Policies and Procedures will further the public purposes of the City by promoting economic development in the City.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Clinton, as follows:

RESOLVED, that the City hereby approves and adopts the Policies and Procedures, and further

RESOLVED, that it is in the best interest of the City to adhere to the Policies and Procedures for the purpose of providing guidance to applicants for tax increment financing as to the procedure the City intends to use in the consideration and administration of tax increment financing transactions described in economic plans submitted by the Board to the City.

Adopted and approved this 22nd day of August, 2016.

Scott Burton, Mayor

**THE INDUSTRIAL DEVELOPMENT BOARD OF
ANDERSON COUNTY, TENNESSEE**

**TAX INCREMENT FINANCING PROGRAM POLICIES AND PROCEDURES FOR
PROJECTS LOCATED IN THE CITY OF CLINTON, TENNESSEE**

Section 1. General Purpose and Objectives

The Industrial Development Board of Anderson County (the "Board") is committed to improving the economy in Anderson County, Tennessee (the "County") and the City of Clinton, Tennessee (the "City"). In furtherance of this objective, the Board is establishing a program to evaluate requests from private entities to utilize tax increment financing in support of qualifying projects located in the City. This program is intended to provide an orderly process for evaluating each request for tax increment financing and, if such request is determined by the Board to merit support, to outline the process for issuing the tax increment financing.

The Board is a public nonprofit corporation established pursuant to the Tennessee Industrial Development Corporation Act ("IDB Act"), Tenn. Code Ann. §§7-53-101 et seq. The Board's statutory purposes include promoting industry, commerce and trade in Tennessee and in particular, the County. In furtherance of these purposes, the IDB Act authorizes the Board pursuant to Section 7-53-312 of the IDB Act to issue tax increment debt to finance costs of qualifying projects. Such debt would be secured solely by incremental taxes generated by the qualifying project and would otherwise be non-recourse to the Board.

The Uniformity in Tax Increment Financing Act of 2012 (the "Tax Increment Act"), codified at Tenn. Code Ann. §§9-23-101 et seq., also contains statutory provisions relating to the use of tax increment incentives by the Board. Section 9-23-107 of the Tax Increment Act specifically authorizes the City, the County and the Board to agree upon and approve policies and procedures for allocating and calculating tax increment revenues and implementing the IDB Act and Tax Increment Act. These Policies and Procedures, upon their approval by the County, the City and the Board, shall be deemed to be adopted pursuant to Section 9-23-107 of the Tax Increment Act.

Notwithstanding the adoption of these Policies and Procedures, the approval of any tax increment incentive is within the discretion of the Board acting within the parameters of these Policies and Procedures. In no event shall these Policies and Procedures be construed to create any contractual right or other entitlement in a Person or limit the Board's discretion to decline to approve any tax increment incentive.

These Policies and Procedures only apply to any tax increment financing requested by a private party. If the City, the County or another governmental entity requests the Board to incur tax increment debt, the Board shall follow such procedures as the Board, the County and the City deem appropriate under the circumstances; provided, however, that the Board, the City and the County shall comply with all requirements of the IDB Act and the Tax Increment Act.

These Policies and Procedures are in addition to any other rules and procedures applicable to the Board. From time to time, these Policies and Procedures may be amended by the Board, and new policies may also be adopted by the Board. Any amendments or new policies will be subject to approval by the County and the City.

Section 2. Tax Increment Financing

Tax increment financing is a financing tool that is used in many states to provide public assistance to economic development projects. Through tax increment financing, incremental taxes from a designated area are allocated to pay debt service on debt incurred to pay for qualifying improvements that are made in connection with a particular project. In some states,

the incremental tax revenues that may be utilized to pay the debt service on tax increment financing include property tax revenues, sales tax revenues and other tax sources. Under the IDB Act in Tennessee, only incremental property tax revenues, and not sales tax or other tax revenues, may be used to pay debt service on tax increment financing.

The IDB Act establishes certain requirements relating to the Board's use of tax increment financing. Under the IDB Act, the Board initiates the process of issuing tax increment debt by preparing a document known as an economic impact plan. The economic impact plan must identify the area from which the incremental tax revenues will be derived, identify the qualifying project that will be located in the area, discuss the benefits of the project to the municipality in which the project will be located, including anticipated tax receipts and job creation, and specifically provide for the allocation of the incremental property taxes within the Plan Area to the Board. The incremental property taxes that may be allocated to the Board include both real and personal property taxes.

Pursuant to the IDB Act, the Board must hold a public hearing on any economic impact plan. Notice of such public hearing must be published in the local newspaper at least two weeks before the public hearing. In addition to giving details regarding the time and location of the public hearing, the notice must inform the public where a map of the proposed Plan Area can be reviewed.

After a public hearing is held with respect to an economic impact plan, the Board may then submit the plan to the City Council of the City (the "City Council") for approval and the County Commission of the County (the "County Commission") for approval. The City Council and the County Commission may approve an economic impact plan at one reading by resolution, notwithstanding any local charter provision to the contrary.

Pursuant to the IDB Act and the Tax Increment Act, incremental tax revenues may be allocated to the Board with respect to any parcel of property for a period not in excess of twenty (20) years; provided, that a longer period, not to exceed thirty (30) years, is permitted if both the Comptroller of the State of Tennessee and the Commissioner of Economic and Community Development have made a written determination that such longer period is in the best interest of the State of Tennessee. However, if the Board determines that a lesser allocation period is sufficient to make a Project feasible, the plan may provide for a shorter allocation period. During the allocation period, the City's finance department and the County trustee, as applicable are required to pay the incremental taxes from the Plan Area to a separate fund created by the Board for that purpose. A separate fund is usually established for each tax increment financing, and that fund is usually held by or for the benefit of the holder(s) of the tax increment debt.

Under the Tax Increment Act, a plan may permit the allocation of tax increment revenues with respect to a parcel or group of parcels within a Plan Area to begin in different years. This facilitates the staggering of allocation periods for a single Project, which can provide a more efficient leveraging of the tax increment revenues in a multi-phase Project.

The Plan Area must include a Project within the meaning of the IDB Act. For purposes of the IDB Act, the term Project includes the types of facilities that are typical economic development projects, such as manufacturing and warehousing facilities. Qualifying Projects under the IDB Act also include, however, commercial facilities, such as retail shopping facilities, office buildings and multi-family housing facilities for persons of low and moderate income. Pollution control facilities, including wastewater facilities, are also eligible Projects.

In addition to the area on which the qualifying project is located, the Plan Area may also include any other property that the Board determines will be directly improved or benefited due to the undertaking of the qualifying project. For example, if a retail shopping center is the qualifying project for purposes of an economic impact plan, and, as a part of the construction of the retail shopping center, a new public road provides access to other properties, those other properties would directly benefit from the project.

Once an economic impact plan is approved, the property taxes imposed on property within the Plan Area are divided between the Board, the City and the County. The base tax amount is allocated to the City and the County. The base tax amount is equal to the amount of taxes payable with respect to the property in the Plan Area for the year prior to the date the economic impact plan was improved. Therefore, if an economic impact plan was approved in 2016, the tax year for determining the base tax amount would be 2015. Any excess over the base tax amount generally is allocated to the Board. However, taxes levied by a taxing authority to pay debt service on bonds or other obligations of the City or the County are not subject to allocation to the Board. Also, an economic impact plan may provide for a lesser amount of the incremental property tax revenues from the Plan Area to be allocated to the Board.

Once the economic impact plan has been approved by the City Council and County Commission, the Board can proceed to issue tax increment debt secured by the incremental property tax revenues from the Plan Area. In most cases, the Applicant, in consultation with the Board's representatives, will negotiate the terms of the tax increment financing with a lender or bond underwriter. However, all documents relating to the tax increment financing are subject to the Board's approval.

Section 3. Procedures for Tax Increment Financing

3.1. Application. An Applicant may request the Board to issue tax increment debt to pay eligible costs incurred in connection with a Project. To initiate such a request, the Applicant should submit a completed Application in the form attached to these Policies and Procedures as Exhibit A together with all exhibits, schedules and documents required by the Application. The Applicant shall also tender a non-refundable application fee to the Board in an amount set forth in Section 5 of these Policies and Procedures. No action will be taken with respect to an Application until the Board's staff determines that the Application is complete. **Acceptance of the Application does not imply, evidence or confirm the Board's support for, or recommendation of, the request for tax increment financing.**

3.2. Initial Review by Application Review Committee. The Board shall appoint a committee of Board members (the "Application Review Committee") to undertake the functions described in these Policies and Procedures for such committee. Before an Application is presented to the Board, the Application Review Committee will review the Application and make a recommendation to the Board whether an economic impact plan should be prepared for presentation to the Board for the area described in the Application. The Application Review Committee will not recommend that an economic impact plan be prepared unless the Committee determines that the Project described in the Application will (i) substantially benefit and enhance the economy of the City and the County and (ii) the Project would not be acquired, constructed and/or installed unless tax increment financing was made available to finance a portion of the eligible Project costs.

3.3. Initial Resolution by the Board. After review of the Application by the Application Review Committee, the Board as a whole will consider such Application. After such consideration, the Board will vote on whether an economic impact plan should be prepared for the area that is the subject of the Application. The Board will not approve the preparation of a plan unless the Board makes the same findings as are required above for the Application Review Committee, and in reviewing an Application, the Board will give deference to the recommendations of the Application Review Committee. If the Board votes to cause an economic impact plan to be prepared, the Board will also decide whether the plan will be prepared by the Applicant (or a third party retained by the Applicant) or whether the plan will be prepared by the Board (or a third party retained by the Board). If the plan is to be prepared by a third-party consultant retained by the Applicant or the Board such consultant shall be subject to the reasonable approval of both the Applicant and the Board. The expenses of the Board in connection with the preparation of the plan shall be paid by the Applicant as provided in Section 5.2 below.

3.4. Economic Impact Plan. If the Board approves the preparation of an economic impact plan, the Applicant or the Board, as the case may be, will cause a proposed economic impact plan to be prepared and submitted to the Application Review Committee. The plan shall contain the information required by Section 7-53-312(b) of the IDB Act and such other information as the Board deems necessary, including but not limited to:

- (1) Identification of the boundaries of the area subject to the plan;
- (2) Identification of the project located within the area subject to the plan;
- (3) Discussion of the expected benefits to the City and the County from the development of the area subject to the plan, including anticipated tax receipts and jobs created; and
- (4) A provision providing that the property taxes imposed on the property, including the personal property (if applicable), located within the area subject to the plan will be distributable among the City, the Board and the County, as applicable, in accordance with the IDB Act.

If the Applicant is responsible for preparing the initial draft of the economic impact plan, the Applicant shall submit such draft to the Board's staff no later than sixty (60) days after the Board adopts an initial resolution requesting the plan. If the Applicant does not submit the proposed plan within that period, the Board will take no further action with respect to the Application. The Board will consider any requests of the Applicant after the 60-day period as a new request requiring a new Application, and the payment of another application fee. If the Board assumes responsibility for preparing the initial draft of a plan, such draft shall be submitted to the Application Review Committee within sixty (60) days after the Board adopts an initial resolution requesting the plan.

If the Applicant prepares the initial draft of an economic impact plan, the Board's staff will review such draft and will advise the Applicant of any recommended changes to the plan, and the Applicant may cause the draft plan to be amended accordingly. The Applicant shall then submit the plan to the Application Review Committee.

3.5. Review of Plan by Application Review Committee. The Application Review Committee will review each proposed economic impact plan. The Application Review Committee will make a determination whether the economic impact plan (a) complies with the IDB Act, the Tax Increment Act and these Policies and Procedures and (b) should be submitted to the City Council and the County Commission for approval. The Application Review Committee's determinations will be summarized in writing for the Board. The Application Review Committee will then establish a proposed date for the Board to hold a public hearing relating to the plan and a meeting to determine whether to submit the economic impact plan to the City Council and the County Commission for approval.

3.6. Public Hearing and Approval by Board. After review by the Application Review Committee, the Board will hold a public hearing relative to the proposed plan at a regular or special meeting. Notice of the public hearing shall be published in a newspaper of general circulation in the City at least two weeks prior to the date of the public hearing, as required by Section 7-53-312(g) of the IDB Act. After such public hearing, if the Board determines that the economic impact plan substantially complies with the IDB Act and these Policies and Procedures, it will submit the economic impact plan to the City Council and the County Commission for consideration and approval. The submission shall include a summary of any comments from the public hearing on the proposed plan and any additional information that the Board deems relevant.

3.7. Approval by Taxing Authorities. Upon approval of an economic impact plan by the Board, the plan will be promptly submitted to the City Council and the County Commission

for consideration. If the City Council approves the plan but the County Commission is requested to approve the plan and fails to do so or vice versa, the Board will not proceed with tax increment financing unless a revised plan is approved by the Board that only allocates the approving governmental body's incremental property tax revenues and such revised plan is again approved by such approving governmental body. Furthermore, if the City Council approves the plan but the County Commission is requested to approve the plan and approves revisions to the plan or vice versa, the Board will not proceed with tax increment financing unless the revised plan is approved by the Board and such revised plan is approved by both the City Council and County Commission.

3.8. Financing Documents. Upon approval of the plan in accordance with Section 3.7, the Applicant and the Board will use their best efforts to consummate the tax increment financing. In connection with any tax increment financing, the Applicant and the Board will enter into a Development and Financing Agreement. The Development and Financing Agreement will provide for the expenditure of the proceeds of the tax increment financing in compliance with the plan and provide for such other covenants as the Board deems necessary to protect the interests of the Board, the City and the County, as applicable. Any tax increment financing shall be non-recourse as to the Board and payable solely from incremental property tax revenues, and all financing documents shall be subject to the review and approval of the Board's counsel and bond counsel.

Any tax increment financing shall close within one (1) year after approval of the economic impact plan by City Council and County Commission. If the closing does not occur within such period, unless extended by the Board, the Applicant will be deemed to have withdrawn its Application, and all approvals by the Board will lapse and be of no further force or effect.

Section 4. Policies for Tax Increment Financing

The following policies shall apply with respect to the issuance of tax increment financing by the Board. The Board will not submit an economic impact plan to the City Council or County Commission that does not comply with these policies unless (a) the policy in question is waived by the Board at the time an initial resolution is adopted approving further action on an Application or (b) the Board is specifically directed to do so by the City Council and the County Commission.

4.1. Maximum Term. No allocation of tax increment revenues shall be made with respect to any parcel of property for a period of more than twenty (20) years, unless both the Comptroller of the State of Tennessee and the Commissioner of Economic and Community Development have made a written determination that a longer period (not to exceed thirty (30) years) is in the best interest of the State of Tennessee. If the Board determines that a lesser allocation period is sufficient to make a Project feasible, the Board may require a shorter allocation period. The maturity of any tax increment financing shall not exceed the maximum maturity permitted by the IDB Act for debt obligations of the Board.

4.2. Eligible Costs. Under the IDB Act, tax increment revenues may be applied by the Board to pay debt service on debt obligations issued to finance Project costs. The costs of a qualifying Project include the cost of any land, real property and personal property that are deemed necessary by the Board to be incurred in connection with a qualifying Project. An Applicant may request that incremental tax revenues be applied to pay debt service on financing for any Project cost that is eligible under the IDB Act.

However, Applicants should note that, other than for land, improvements, or equipment utilized for public infrastructure, as defined in the Tax Increment Act, tax increment revenues may not be used to pay for or to pay debt service relating to debt incurred by the Board to finance privately-owned land, improvements, or equipment, or for other purposes authorized by Tenn. Code Ann. § 7-53-101, et seq., but not specified in Tenn. Code Ann. § 9-23-108, unless

both the Comptroller of the State of Tennessee and the Commissioner of Economic and Community Development have made a written determination that the use of tax increment revenues for such purposes is in the best interest of the State of Tennessee.

Applicants should obtain their own legal and accounting advice relating to the tax consequences of receiving any tax increment financing, and the Board will make no representations relating thereto.

4.3. Minimum Percentage of Cost and Minimum Size. The amount of the tax increment financing shall not exceed 20% of the total Project cost which shall include all expected costs that will be capitalized to the cost of the Project. The Applicant must also reasonably anticipate an investment of at least \$3,000,000 in capital expenditures with respect to the Project, without taking into account any costs financed with tax increment financing.

4.4. Necessity of Tax Increment Financing. The approval, size and term of allocation with respect to any tax increment financing shall be conditioned upon the Applicant demonstrating the necessity of the availability of the tax increment financing in order to make a Project economically feasible such that the owner of the Project can receive a reasonable return on investment. An Applicant shall permit a designated representative of the Board to meet with its designated representatives in order to determine the necessity of the requested tax increment financing and will permit such designated representative of the Board to review such budgets and projections as are reasonably necessary to make such determination.

4.5. Designated Parcels and Commencement of Allocation Period. In its Application, the Applicant shall identify the specific parcel or parcels within the Plan Area from which tax increment revenues shall be allocated in order to provide the tax increment financing for the Applicant's Project. If any of such parcels are subdivided or combined after an Application is submitted or while a tax increment financing is ongoing, the Applicant shall give notice of such circumstance to the Board.

In its Application, the Applicant shall also identify the year in which the Applicant expects the allocation period to commence with respect to each parcel in the Plan Area. Pursuant to the Tax Increment Act, a plan may permit the allocation of tax increment revenues with respect to a parcel or group of parcels within a Plan Area to begin in different years. For a multi-phase Project, in which the phases of the Project are expected to be completed in different years, the Applicant may request the allocation period for different parcels in the Plan Area to commence in different years.

4.6. Calculation of Increment. The Board, in its discretion, shall determine whether to make calculations of tax increment revenues on the basis of each parcel within the Plan Area or on an aggregate basis as permitted by the IDB Act and the Tax Increment Act and shall make such determination prior to the closing of the tax increment financing.

4.7. Payment Dates. The incremental tax revenues to be allocated to the Board for any tax increment financing shall be paid by the County and the City, as applicable, each year no later than sixty (60) days from the last day that such tax revenues are not overdue. Delinquent taxes to be allocated to the Board shall be paid by the County and the City no later than sixty (60) days after each date such delinquent taxes are collected, together with interest thereon to the extent required by the Tax Increment Act.

4.8. Deductions from Tax Increment. Prior to any allocation to the Board of incremental tax revenues, the County and the City, as applicable, shall each deduct therefrom any taxes levied to pay debt service on its respective debt obligations as required by the IDB Act and the Tax Increment Act.

4.9. Non-Recourse Obligations. The liability of the Board for any obligations under any debt obligation relating to a tax increment financing or any other contractual obligation shall

"Applicant" means the Person submitting the Application for tax increment financing. The Applicant shall be the Person that is expected to be an initial owner of all or a portion of the Project that is within a Plan Area.

"Application" means the Application submitted hereunder in the form designated by the Board and as amended from time to time. The initial form of the Application is attached hereto as *Exhibit A*.

"Application Review Committee" means a committee of members of the Board formed for the purpose of reviewing Applications, economic impact plans and related documents.

"Development and Financing Agreement" means the Development and Financing Agreement between the Board and the Applicant or similar agreement or contract providing for the expenditure of the proceeds of any tax increment financing and related matters.

"Person" means any individual, sole proprietorship, corporation, limited liability company, association, partnership (general, limited, or limited liability partnership), organization, business, trust, individual and governmental entity.

"Plan Area" means the area subject to an economic impact plan.

"Project" means a project within the meaning of Section 7-53-101(13) of the IDB Act that is within a Plan Area.

be limited solely to its interest in incremental tax revenues allocated to the Board in connection with such tax increment financing, and no other assets of the Board shall be subject to levy, garnishment or otherwise to satisfy any obligation of the Board as to a tax increment financing. Neither the City nor the County shall have any obligations or liabilities with respect to any tax increment financing other than to allocate incremental tax revenues to the Board as required by the Plan, the IDB Act and the Tax Increment Act.

4.10. Payment of Incremental Tax Revenues. Incremental tax revenues to be applied to any tax increment financing shall be allocated by the City and the County, as applicable, into a separate account of the IDB created with respect to each Project for such purpose. Such payment may be made by wire transfer or by check, at the City and the County's election.

4.11. Calculation of Allocated Increment. Not later than forty-five (45) days after the last day that property taxes are due, the County Trustee for the County and the City Recorder for the City, as applicable, shall calculate the tax increment revenues to be allocated to the Board under the Plan at such time. The City and the County shall give notice of such calculation to the Board and each approved Applicant that so requests such information.

Section 5. Fees and Expenses of Board

5.1. Application Fee. The Applicant will submit the Application with an Application Fee in an amount equal to one half of one percent (1/2%) of the requested principal amount of the tax increment financing; provided, however, the Application Fee shall not exceed \$10,000.

5.2. Expenses relating to Preparation of the Plan. The Applicant shall pay all expenses, including attorney's fees, incurred by the Board in connection with the preparation of an economic impact plan, whether or not such plan is approved and whether or not the plan is prepared by or on behalf of the Board or the Applicant. The Board may require that these expenses be paid in advance.

5.3. Expenses and Indemnity Relating to Tax Increment Financing. The Applicant shall pay all expenses, including attorney's fees, incurred by the Board in connection with any proposed tax increment financing, whether or not such financing is closed. Such expenses shall include the cost, if any, of opening and maintaining any accounts necessary to receive and/or hold incremental tax revenues and the fees and expenses of bond counsel, to be selected by the Board, if the purchaser of such financing requires an opinion as to the legality of the tax increment financing. The Board may require that these expenses be paid in advance of any Board action with respect to a tax increment financing. Any Applicant, by submitting an Application, agrees to indemnify the Board for any liabilities, claims and expenses incurred by the Board in connection with considering, approving or implementing a tax increment financing.

5.4. Annual Administrative Fee. To reimburse the Board for its administrative expenses in connection with administering the tax increment financing, the Board shall retain an annual Administrative Fee in an amount equal to one quarter of one percent (1/4%) of the principal amount of the tax increment financing from any tax increment revenues allocated to the Board pursuant to an economic impact plan.

5.5. Amendments. The Applicant will pay all expenses, including attorney's fees, incurred by the Board in connection with any amendments to an economic impact plan or to any documents entered into in connection with a tax increment financing. The Board may require that these expenses be paid in advance of any Board action.
